Using Sprint Planning to Tackle Mammoth Projects

Joe Healy & Ezzy Schesvold
Karmak
GETTING STARTED WITH SPRINT PLANNING

1. Make a plan
   - How long is your sprint?
   - What meetings to have?
   - How often do you meet?
   - Who should attend?

   Notecards
   Trello.com
   Microsoft Visual Studio
   Excel

2. Find a tracking tool that works for you

3. Be flexible
   - Measure and adjust
   - Learn from your mistakes

4. Have fun!
